Chennai, Tamil Nadu | +91 6374120650 | suhailfullstackdeveloper@gmail.com

Portfolio: <https://suhail-portfolio-ten.vercel.app/>

Profile Summary

Junior MERN Stack Developer with hands-on experience building scalable, user-centric web applications. Skilled in React, Node.js, Express.js, and MongoDB. Quick learner with strong problem-solving skills and a business-oriented mindset. Highly motivated, adaptable, and hungry to learn new technologies.

Technical Skills

Programming Languages: JavaScript

Frontend: React, HTML, CSS, Tailwind CSS, Bootstrap

Backend: Node.js, Express.js, MongoDB

Tools: Git, GitHub, VS Code, Figma (Basic)

Soft Skills: Problem-Solving, Debugging, Collaboration, Communication

Experience

Junior MERN Stack Developer – Corvanta Analytics

2024 – Present

- Developed and maintained full-stack applications using React, Node.js, Express.js, and MongoDB.
- Collaborated with cross-functional teams to deliver optimized, user-friendly solutions.
- Improved application performance and implemented reusable UI components.
- Worked on API integration, authentication, and modular code structuring.
- Demonstrated high adaptability and continuous learning of modern technologies.

Projects

Spotify Clone (React + Tailwind) – <https://spotify-clone-mu-drab-76.vercel.app/>

- Built this to understand complex UI layouts and improve my responsive design skills using Tailwind.
- Learned modular React component structure and how to create polished, real-world UI.

Agency AI Website – <https://agency-ai-iota-nine.vercel.app/>

- Created this to practice modern landing-page design with branding and motion effects.
- Learned animations, hero-section design, and how to create a visually strong first impression.

Real Estate Website – <https://estate-xi-seven.vercel.app/>

- Built to learn structured layouts used in real businesses like listing cards and property grids.

-Improved my skills in responsiveness, clean UX, and professional page structuring.

Quick Show Website - <https://quick-show-lake.vercel.app/>

- Built this to explore minimal, fast-loading UI that focuses purely on clean structure and visual clarity.
- Learned how to use simple layout elements and modern design patterns to create a smooth, high-quality user experience.

E-commerce Website (MERN Stack)

- Full MERN application with authentication, product management, and checkout workflow.
- Implemented user authentication, role-based access, and order management using MongoDB and Express.js.

Authentication System (MERN Stack)

- Implemented JWT auth, password hashing, protected routes, and session handling.
- Created protected routes and middleware in Express.js for role-based access control.
- Designed a clean React UI with Tailwind CSS.

Responsive Portfolio Website - <https://suhaib-19.github.io/suhaib-portfolio-/>

- Built using HTML, CSS, React, and Tailwind CSS.
- Mobile responsive, optimized for performance, and deployed on GitHub Pages.

Event Planner Dashboard (React + Vite)

- Developed a fully functional e-commerce platform with product listings, cart, and checkout system.
- Implemented user authentication, role-based access, and order management using MongoDB and Express.js.

Education

MBA – Operations & Marketing (2022–2024)
SCAD College of Engineering & Technology, Tamil Nadu

BBA – Business Administration (2019–2021)
Sadakathullah Appa College, Tamil Nadu

Certifications

React.js Certification – Courseinn Academy (2024)
- Hands-on experience with Git version control, code reviews, and agile practices

Strengths

- Strong problem-solving mindset
- Highly adaptable and hungry to learn new technologies
- Excellent communication & teamwork
- Business-oriented approach to tech solutions
- Passionate about building clean, scalable applications
